

HYBRID confections

MADE IN GRAND JUNCTION, COLORADO

OUR STORY

Hybrid Confections is owned and operated by fourth generation candy-makers in Grand Junction, Colorado. We have a state-of-the-art OTC Candy Starch-less Mogul which allows us to infuse vitamins, minerals, and nutrients into the gummy mixture, delivering precise dosing in every piece. With a capacity of 400,000–600,000 gummies per shift and the ability to run up to three shifts per day, we can support projects of nearly any scale.

We are an FDA Registered (21 CFR 111) and NSF Certified facility, giving us the capability to incorporate dietary supplements into our gummy recipes. Our stock formulas are available in a variety of functional categories, including: Sleep, Energy, Focus, Gut Health / Probiotic, Libido, Hair, Skin & Nails, Collagen, Sports Nutrition, Immunity, Heart Health, Detox, Mood Enhancement, Anti-Aging, Weight Management, Hormone Support, and more.

OUR GUMMIES

From classic gummy bears to domes, our gummies are crafted with USDA Organic flavors and colors, and never contain artificial ingredients. We offer a wide variety of natural flavor profiles, including: apple, grape, lemon, mixed berry, orange, peach, pineapple, pomegranate, raspberry, strawberry, watermelon, and wintergreen. All of our flavors are developed for vibrant taste and consistency.

We support a range of formulations, including nutraceutical, vitamin, and functional gummies, custom-designed to meet your brand's unique needs.

OUR CHOCOLATES

Our chocolates are proudly manufactured at our co-owned facility, Enstrom Candies, a name synonymous with handcrafted excellence since 1960. All of chocolates are SQF Certified, Kosher Dairy, USDA Organic, and Gluten-Free, and available in Milk Chocolate (36% cacao) or Dark Chocolate (72% cacao).

We specialize in private-label and co-manufacturing solutions for functional or fortified chocolate products.

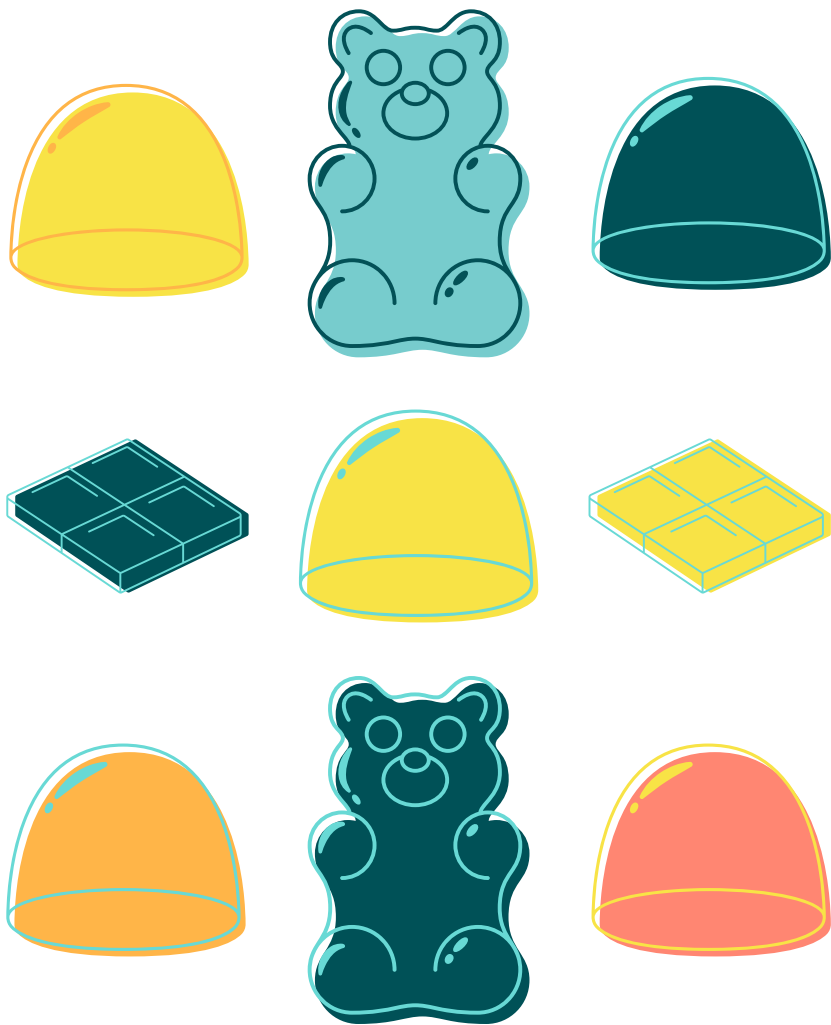

CERTIFICATIONS

We hold ourselves to the highest standards in quality, safety, and integrity. Our certifications reflect our commitment to producing gummies that meet the most rigorous industry requirements:

- **NSF Certified for 21 CFR 111:** Adhering to Current Good Manufacturing Practices (cGMP) for dietary supplements, ensuring consistency, safety, and quality at every step of production.
- **USDA Organic through CCOF:** Verification that we meet the strict federal standards for organic production and handling, bringing clean and responsible options to our customers.
- **Scroll K Kosher:** Meeting kosher certification requirements with oversight by Scroll K, demonstrating our dedication to serving diverse customer needs.

**When formulated with the appropriate ingredients, our gummies can also be made to meet Vegan, Non-GMO, and Gluten-Free standards. In addition, we proudly operate an entirely allergen-free facility, providing peace of mind for our partners and consumers alike.*

TESTING

Every product we create undergoes rigorous testing to ensure it delivers the highest levels of safety, consistency, and quality:

- Routine screening for Microbial Contaminants and Heavy Metals.
- Measurement of Water Activity, pH, and Brix to maintain optimal texture, taste, and stability.
- Assay and Gluten Testing available upon request for additional validation.
- Accelerated Shelf-Life Studies offered upon request to project long-term product performance.
- All raw materials are ID Tested for authenticity and integrity before entering production.

**Our comprehensive approach to quality assurance ensures that every gummy we produce is as safe, reliable, and consistent as it is delicious.*

BASE FORMULAS

We offer a range of base formulas to suit your product needs, available with either pectin or gelatin. Our formulas can be customized for flavor, texture, and nutritional profile, giving you flexibility from cost-effective options to premium, functional blends.

- **Standard Sugar Gummy:** Made with cane sugar and corn syrup; our most economical option.
- **USDA Organic Gummy:** Crafted with organic cane sugar and tapioca syrup for a certified organic label claim.
- **Low-Sugar Gummy:** Less than 1g added sugar, using allulose and tapioca syrup (available in organic).
- **Zero Added Sugar Gummy:** Sweetened with allulose and agave inulin for a naturally sweet taste (available in organic).
- **High-Fiber, Low-Sugar Gummy:** 3g fiber and only 1g sugar per serving, made with agave inulin (available in organic).

WHITE LABEL FUNCTIONAL FORMULAS

We also offer an extensive selection of white label functional formulas featuring whole food ingredients, vitamins, and minerals. Popular formulations include: Sleep Support, Energy, Focus, Gut Health / Probiotic, Libido, Hair, Skin & Nails, Collagen, Immunity, Heart Health, Detox, Mood Enhancement, Anti-Aging, Weight Management, Hormone Support and many more.

We can also customize formulas to meet most specifications, always with a focus on exceptional flavor, so your gummies are as enjoyable as they are functional.

FORMULATION SPECIALIST

JUSTIN PORTER is a multi-award-winning natural health formulator, educator, and athlete dedicated to helping people achieve drug-free wellness. With more than 15 years of experience in holistic health, Justin has transformed his passion for natural healing into a lifelong mission, one that began with reversing his own autoimmune condition through nutrition and lifestyle.

A former All-American soccer player at Lynn University and professional athlete, Justin now channels that same discipline and drive into advancing the natural health industry. He currently serves as President of Eleven Eleven Enterprises, where he leads with a vision to develop innovative, research-driven, and accessible wellness solutions for communities worldwide.

Justin is also pursuing his PhD in Holistic Natural Health & Nutrition, deepening his expertise to empower others through science-based natural solutions. Known for his award-winning formulations and ability to bridge cutting-edge research with traditional wisdom, he has become a respected voice in the field with over 100 radio shows and podcast appearances, he has also been a regular speaker at wellness conferences and health industry events.

Through his work, Justin inspires others to take ownership of their health, demonstrating that with the right tools and knowledge, true healing and vitality are possible.

MANUFACTURING & PACKAGING SERVICES

We partner with brands of all sizes to bring their gummy products to market. Our minimum order quantity (MOQ) is 200,000 pieces per production run, ensuring efficiency and consistency at scale.

In addition to manufacturing, we offer contract manufacturing services for fully customized projects and co-packaging solutions for brands that need finished gummies packaged to their exact specifications. Whether you need turnkey production or a packaging partner, we provide the expertise, equipment, and attention to detail to deliver a product you'll be proud to put your name on.
